MELODY N°2

MULTI-ROOM HOME AUDIO SOLUTION

Quality sound never looked so good. Or was so easy.

The MELODY N°2 lets you enjoy music in any room of your home. Listen to internet radio or music from your own playlists. And, to access your entire music library with high resolution quality, you can connect it to an OPUS system. Wired or wirelessly, you choose. Either way, the MELODY N°2 is easy to use and install. After all, enjoying music should be fun.

Highlights

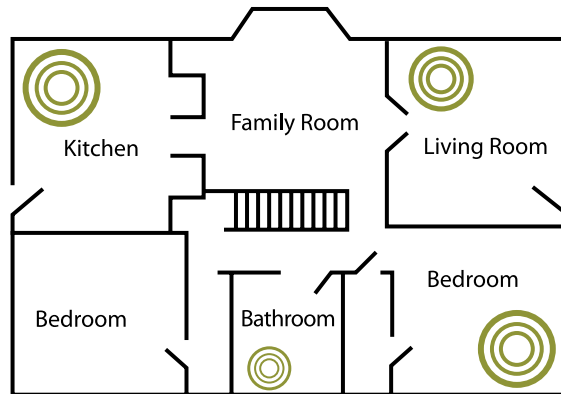

- Access music stored on your OPUS, Mac/PC or NAS.*
- Play music in up to 15 rooms simultaneously. Wired or wirelessly.
- Wired or wirelessly connectivity.
- Quickly find your music with the intuitive touch screen interface.
- Enjoy thousands of (commercial)-free internet radio stations.

* UPnP compatible music software required

MELODY N°2

MULTI-ROOM HOME AUDIO SOLUTION

The new MELODY N°2 delivers exceptional sound quality in every room of your house. It's easy to install and incredibly easy to use. So, pick any room and any song - and start enjoying music the way you should. Welcome home.

Any room. Any song. You choose.

The OPUS N°4 gives you a central place for all of your music. The MELODY N°2 brings this music to any room within your home. Finding the song you want to hear has never been easier, and the sound quality has never been better.

Whole home audio. No strings attached.

- Wired as well as wireless connectivity with-high-range setup.
- Simultaneous music streaming to up to 15 rooms.
- Each MELODY can play and store individual playlists.

A radio on steroids.

Extend your musical repertoire by listening to (commercial)-free internet radio stations delivered to your stereo system, while getting detailed information about the artist, album and track that is currently playing.

Find what you want, fast.

Thanks to the MELODY'S super intuitive touchscreen interface and Olive's patent-pending MusicAware™ technology you will find the right music fast.

Ultimate control. Anywhere.

Use any network-enabled portable device with a web browser to access your music, create playlists and control your MELODY. Could it get any more convenient?

Save the sound. Enjoy the music.

Like the OPUS N°4 the new MELODY N°2 incorporates a passive cooling concept (without a noisy fan) and a high-resolution Digital-to-Analog converter to deliver breathtaking sound. Sit back and enjoy your favorite tunes in high quality sound. Or get up and dance.
