

PRODUCT INFORMATION

EZY 8

CD / iPod / USB Stereo Receiver

iPod not included

In a carefully designed enclosure with a faultless finish, you will discover the EZY 8 is a delight for your ears and well equipped for today's music sources.

The EZY 8 features high quality internal components, exhaustive circuit design and uncompromising manufacture quality. Combined, these elements allow the emotion and depth of your music to move you, and will provide fatigue-free listening enjoyment

The components are carefully selected and sorted. The high-capacity toroidal power endows the EZY 8 with formidable performance. 2 x 80 watts power output is enhanced by a tube analogue output stage for rich, precise and subtle music reproduction. The high sensitivity AM/FM tuner features 30 presets for your favourite stations. Even the headphone output has been carefully engineered for optimum performance.

The inputs available on the EZY 8 allow connection to many different sources. It offers two digital inputs (one optical and one coaxial), four analogue inputs, and inputs on the front panel for MP3 playback from USB and SD/MMC/MS memory cards. The iPod docking cradle on the front panel provides simple connection of your iPod. A "Pre" output is also included.

The remote supplied with the EZY 8 offers great user convenience, and can also control an iPod.

Technical data:

Power Output – 8 ohms	2 x 80 watts
Frequency Response	10Hz-50kHz - 3dB
Total Harmonic Distortion	0.15%
Signal to Noise	> 90dB
Channel Separation	> 85dB
Input Impedance	10 Kohms
Tuner	AM/FM (30 presets)
CD	Tube output stage
USB / SD / MMC / MS inputs	Compatible with MP3 files
Dimensions (W x H x D)	445 x 110 x 350 mm
Weight	11 kg
